PUBLIC INPUT

Anna Schell

President of Mt. Healthy School District Athletic Booster. They would like to do a walk-a-thon on September 14th. Haven't confirmed the date yet. Would like to start at Mt. Healthy High School Event Center and walk through the City.

She will keep in touch with the City administration to help organize

Jim Lowenburg

Comment regarding the City Manager's discussion at the last council meeting regarding the parking lots and alleys. Making the additional revenue from gas tax not just for nice parking lots and alleys, but look at how to use this money to brighten up the business district. Put towards economic development and maybe be able to get matching funds and work with somebody who does city streetscapes.

MAYOR'S REPORT: James Wolf

CITY MANAGER'S REPORT: Bill Kocher

Spoke with our law director and decided best thing for Mr. Parsons to do while voting for anything Joint Fire District related is to abstain.

The teen ordinance was in your packets. Council would like to work with Police Chief and hear what he would like to see happen. Mr. Kocher will have Police Chief put something together.

Perry Street is scheduled to be completed tomorrow if there is no rain.

Going to meet with engineers regarding the parking lots and alleys around town to see what we can do to get the most for our money and how to go about getting bids on the project.

Looking into a web based app called SeeClickFix. This app can be a tool residents can use to report a pothole. This app has the tools to manage the tasks and communications that are needed to get the job done. Get a request and it can be routed to the correct person right away. You build the app based on things that happen around the city. Think about it and do some research. There is a cost to get set and then an annual cost.

OLD BUSINESS:

Hilltop Glass purchasing the Hamilton Avenue building closing date has been postponed. She has already started working in the building and plans to close soon.

The kids that caused the bathroom fire and did damage at the Community Room were brought in by their parents after seeing them on camera.

Joint Fire District passed resolution for putting the 13.9mil Levy on the ballot in August. If passed the Levy will take over the current Levy in each City. They are registered with the state, going to now open a bank account. Working on putting together a Levy Committee.

NEW BUSINESS:

Mr. George would like to give a shout out to football coach Kraus. This is his 12th year coaching. He has had a second student in 5 years to make it to the NFL. David Montgomery was just drafted by Chicago Bears for the 2019 season.

Summer Session:

Mr. Parsons made a motion to move into summer session being the 3rd Tuesday of June, July, and August. Mrs. Lingo seconded the motion. An aye vote carried the motion and we will begin summer session in June.

There are not a lot of volunteers yet for watering the pots around the city once they are planted. Going to see if a business would sponsor a pot to take care of while they are in front of their business. Look into the Boy Scouts that may need service hours to help water plants.

ADJOURNMENT:

A motion to adjourn was made by Mrs. Lingo and seconded by Mr. George. An aye vote carried the motion and the meeting was adjourned at 7:50 pm.
